* A Tuition Express account is required for electronic payment processing through ProCare. Tuition Express Application Fee applies.

[†] Centers batch processing credit cards and using the POS service will not incur separate Monthly Fees for both accounts.

¹ Rates subject to change. Credit card reader required for card swiped rates; readers sold separately.

² On approved transactions only. Transactions that are not approved will not be assessed the Tuition Express per item fee.

Choose the “only” credit card POS system designed to work with your ProCare Software. Consider the advantages:

Cut costs. Competitive pricing and no hidden costs deliver a stronger bottom line—with no long-term contracts or cancellation fees.

Save time. Tuition Express' POS system automatically processes and posts directly from your ProCare Management System saving you time and money

Reduce data entry errors. Face to Face transactions are processed through your ProCare Management System eliminating double entry errors and reducing human error. Real time reporting allows you to instantly review all your transactions

No Long Term Contract. Tuition Express is so confident in its electronic processing service we do not need to “lock” a center into a long term contract.
