**Touch Computers - Special Information!** - USB Mouse & Keyboard (not supplied)

You must supply your own USB mouse and keyboard for installation and setup. Windows includes an on-screen keyboard that may be used in lieu of a physical keyboard.

#### **Installation – No CD Drive**

When you install Procure you'll notice the touch computers do not have a CD drive. You'll need to do one of the following:

- a) Share a CD drive from another computer on your network, or...
- b) Copy the contents of the Procure CD to a USB drive, or...
- c) Connect an external USB CD drive (not supplied) to the touch computer.

#### **Third Party Vendor**

Touch computers are shipped from a third party vendor – not through Procure. Any warranty related issues must be handled through the vendor.
